Attorneys for Plaintiff and Proposed Class

**UNITED STATES DISTRICT COURT
FOR THE NORTHERN DISTRICT OF CALIFORNIA**

KYO HAK CHU, individually and on behalf all others similarly situated,

Plaintiff,

V.

ATLANTIC RICHFIELD COMPANY
d/b/a ARCO, a Delaware corporation; and
DOES 1 to 10, inclusive,

Defendant.

CASE No.:

CLASS ACTION COMPLAINT

1. VIOLATIONS OF THE AMERICANS WITH DISABILITIES ACT OF 1990, 42 U.S.C. § 12181
2. VIOLATIONS OF THE UNRUH CIVIL RIGHTS ACT
DEMAND FOR JURY TRIAL

Plaintiff Kyo Hak Chu (“Plaintiff”), individually and on behalf of all others similarly situated, brings this action based upon his personal knowledge as to himself and his own acts, and as to all other matters upon information and belief, based upon, *inter alia*, the investigations of his attorneys.

NATURE OF THE ACTION

1. Plaintiff is a visually impaired and legally blind person who requires screen reading software to read website content using his computer. Plaintiff uses the terms "blind" or "visually impaired" to refer to all people with visual impairments who meet the legal definition of blindness in that they have a visual acuity with correction of less than or equal to 20 x 200. Some blind people who meet this definition have limited vision. Others have no vision.

2. Plaintiff, individually and on behalf of those similarly situated persons (hereafter “Class Members”), brings this Class Action to secure redress against Atlantic Richfield Company d/b/a Arco (“Defendant”) and DOES 1-10, for its failure to design, construct, maintain, and operate its website to be fully and equally accessible to and independently usable by Plaintiff and other blind or visually impaired people. Defendant’s denial of full and equal access to its website, and therefore denial of its products and services offered thereby and in conjunction with its physical locations, is a violation of Plaintiff’s rights under the Americans with Disabilities Act (“ADA”) and California’s Unruh Civil Rights Act (“UCRA”).

3. Because Defendant's website, <https://www.arco.com/en-us/northwest/> the ("Website" or "Defendant's website"), is not fully or equally accessible to blind and visually impaired consumers in violation of the ADA, Plaintiff seeks a permanent injunction to cause a change in Defendant's corporate policies, practices, and procedures so that Defendant's website will become and remain accessible to blind and visually impaired consumers.

THE PARTIES

4. Plaintiff, at all times relevant and as alleged herein, is a resident of California, County of San Francisco. Plaintiff is a legally blind, visually impaired, handicapped person, and a member of a protected class of individuals under the ADA, pursuant to 42 U.S.C. § 12102(1)-(2), and the regulations implementing the ADA set forth at 28 CFR §§ 36.101 *et seq.*

5. Defendant Atlantic Richfield Company is a Delaware corporation, with its headquarters in Houston, Texas. Defendant's servers for the website are in the United States. Defendant conducts a large amount of its business in California. Defendant's gas stations constitute places of public accommodation. Defendant's gas stations provide to the public important goods and services. Defendant's website provides consumers access to TOP TIER gas that can help improve engine performance, efficiency, cleanliness, and even minimize emissions. Consumers can additionally access information on the value of Arco gas, payment options, Defendant's contact information, gas station locations, covid-19 precautions, Arco fleet cards, social media webpages, supply chain transparency, and franchisee information.

6. Plaintiff is unaware of the true names, identities, and capacities of the Defendants sued herein as DOES 1 to 10. Plaintiff will seek leave to amend this complaint to allege the true names and capacities of DOES 1 to 10 if and when ascertained. Plaintiff is informed and believes, and thereupon alleges, that each of the Defendants sued herein as a DOE is legally responsible in some manner for the events and happenings alleged herein and that each Defendant sued herein as a DOE proximately caused injuries and damages to Plaintiff as set forth below.

7. Defendant's gas stations are public accommodations within the definition of Title III of the ADA, 42 U.S.C. § 12181(7).

8. The website, <https://www.arco.com/en-us/northwest/>, is a service, privilege, or advantage of Defendant's goods, services, and locations.

JURISDICTION AND VENUE

9. This Court has subject matter jurisdiction over the state law claims alleged in Complaint pursuant to the Class Action Fairness Act, 28 U.S.C. § 1332(d)(2)(A) because: (a) the matter in controversy exceeds the sum of \$5 million, exclusive of interest and costs; and (b) some of the class members are citizens of a state (California), which is different than the citizenship of Defendant (Delaware and Texas).

10. Defendant is subject to personal jurisdiction in this District. Defendant has been and is committing the acts or omissions alleged herein in the Northern District of California that caused injury, and violated rights prescribed by the ADA and UCRA, to Plaintiff and to other blind and other visually impaired consumers. A substantial part of the acts and omissions giving rise to Plaintiff's claims occurred in the Northern District of California. Specifically, on several separate occasions, Plaintiff has been denied the full use and enjoyment of the facilities, goods, and services of Defendant's website in San Francisco County. The access barriers Plaintiff has encountered on Defendant's website have caused a denial of Plaintiff's full and equal access multiple times in the past, and now deter Plaintiff on a regular basis from accessing Defendant's website. Similarly, the access barriers Plaintiff has encountered on Defendant's website have impeded Plaintiff's full and equal enjoyment of the goods and services offered at Defendant's brick-and-mortar gas stations.

1 11. This Court also has subject matter jurisdiction over this action pursuant to 28
 2 U.S.C. § 1331 and 42 U.S.C. § 12181, as Plaintiff's claims arise under Title III of the ADA, 42
 3 U.S.C. § 12181, *et seq.*, and 28 U.S.C. § 1332.

4 12. This Court has personal jurisdiction over Defendant because it conducts and
 5 continues to conduct a substantial and significant amount of business in the State of California,
 6 San Francisco County, and because Defendant's offending website is available across California.

7 13. Venue is proper in the Northern District of California pursuant to 28 U.S.C. § 1391
 8 because Plaintiff resides in this District, Defendant conducts and continues to conduct a
 9 substantial and significant amount of business in this District, Defendant is subject to personal
 10 jurisdiction in this District, and a substantial portion of the conduct complained of herein occurred
 11 in this District.

12 **THE AMERICANS WITH DISABILITIES ACT AND THE INTERNET**

13 14. The Internet has become a significant source of information, a portal, and a tool
 14 for conducting business, doing everyday activities such as shopping, learning, banking,
 15 researching, as well as many other activities for sighted, blind and visually impaired persons alike.

16 15. In today's tech-savvy world, blind and visually impaired people have the ability to
 17 access websites using keyboards in conjunction with screen access software that vocalizes the
 18 visual information found on a computer screen. This technology is known as screen reading
 19 software. Screen reading software is currently the only method a blind or visually impaired
 20 person may use to independently access the internet. Unless websites are designed to be read by
 21 screen reading software, blind and visually impaired persons are unable to fully access websites,
 22 and the information, products, and services contained thereon.

23 16. Blind and visually impaired users of Windows operating system-enabled
 24 computers and devices have several screen reading software programs available to them. Some
 25 of these programs are available for purchase and other programs are available without the user
 26 having to purchase the program separately. Job Access With Speech, otherwise known as
 27 "JAWS," is currently the most popular, separately purchased and downloaded screen reading
 28 software program available for a Windows computer.

1 17. For screen reading software to function, the information on a website must be
2 capable of being rendered into text. If the website content is not capable of being rendered into
3 text, the blind or visually impaired user is unable to access the same content available to sighted
4 users.

5 18. The international website standards organization, the World Wide Web
6 Consortium, known throughout the world as W3C, has published Success Criteria for version 2.1
7 of the Web Content Accessibility Guidelines ("WCAG 2.1" hereinafter). WCAG 2.1 are well-
8 established guidelines for making websites accessible to blind and visually impaired people.
9 These guidelines are adopted, implemented, and followed by most large business entities who
10 want to ensure their websites are accessible to users of screen reading software programs. Though
11 WCAG 2.1 has not been formally adopted as the standard for making websites accessible, it is
12 one of, if not the most, valuable resource for companies to operate, maintain, and provide a
13 website that is accessible under the ADA to the public.

14 19. Within this context, the Ninth Circuit has recognized the viability of ADA claims
15 against commercial website owners/operators with regard to the accessibility of such websites.
16 *Robles v. Domino's Pizza, LLC*, Docket No. 17-55504 (9th Cir. Apr 13, 2017), Court Docket No.
17 BL-66. This is in addition to the numerous courts that already recognized such application.

18 20. Each of Defendant's violations of the Americans with Disabilities Act is likewise
19 a violation of the Unruh Civil Rights Act. Indeed, the Unruh Civil Rights Act provides that any
20 violation of the ADA constitutes a violation of the Unruh Civil Rights Act. Cal. Civ. Code, §
21 51(f).

22 21. Further, Defendant's actions and inactions denied Plaintiff full and equal access to
23 their accommodations, facilities, and services. A substantial motivating reason for Defendant to
24 deny Plaintiff access was the perception of Plaintiff's disability. Defendant's denial of Plaintiff's
25 accessibility was a substantial motivating reason for Defendant's conduct. Plaintiff was harmed
26 due to Defendant's conduct. Defendant's actions and inactions were a substantial factor in
27 causing the lack of access to Plaintiff. Unruh Civil Rights Act. Cal. Civ. Code, § 51.

1 22. Inaccessible or otherwise non-compliant websites pose significant access barriers
2 to blind and visually impaired persons. Common barriers encountered by blind and visually
3 impaired persons include, but are not limited to, the following:

- 4 a. A text equivalent for every non-text element is not provided;
- 5 b. Title frames with text are not provided for identification and navigation;
- 6 c. Equivalent text is not provided when using scripts;
- 7 d. Forms with the same information and functionality as for sighted persons are
8 not provided;
- 9 e. Information about the meaning and structure of content is not conveyed by
10 more than the visual presentation of content;
- 11 f. Text cannot be resized without assistive technology up to 200 percent without
12 loss of content or functionality;
- 13 g. If the content enforces a time limit, the user is not able to extend, adjust or
14 disable it;
- 15 h. Web pages do not have titles that describe the topic or purpose;
- 16 i. The purpose of each link cannot be determined from the link text alone or from
17 the link text and its programmatically determined link context;
- 18 j. One or more keyboard operable user interface lacks a mode of operation where
19 the keyboard focus indicator is discernible;
- 20 k. The default human language of each web page cannot be programmatically
21 determined;
- 22 l. When a component receives focus, it may initiate a change in context;
- 23 m. Changing the setting of a user interface component may automatically cause a
24 change of context where the user has not been advised before using the
25 component;
- 26 n. Labels or instructions are not provided when content requires user input;
- 27 o. In content which is implemented by using markup languages, elements do not
28 have complete start and end tags, elements are not nested according to their

1 specifications, elements may contain duplicate attributes and/or any IDs are
 2 not unique;

3 p. Inaccessible Portable Document Format (PDFs); and
 4 q. The name and role of all User Interface elements cannot be programmatically
 5 determined; items that can be set by the user cannot be programmatically set;
 6 and/or notification of changes to these items are not available to user agents,
 7 including assistive technology.

8 **FACTUAL BACKGROUND**

9 23. Defendant offers the <https://www.arco.com/en-us/northwest/> website to the
 10 public. The website offers features which should allow all consumers to access the goods and
 11 services which Defendant offers in connection with its physical locations. The goods and services
 12 offered by Defendant's website, include but are not limited to the following: information on the
 13 benefits of Arco gas, which can optimize fuel economy, maximize engine protection, improve
 14 engine performance, and keep engines clean; payment options such as Arco fleet cards, debit
 15 cards, credit cards, and prepaid gas cards; Defendant's contact information; gas station locator;
 16 fleet cards that offer an easy way to purchase Top Tier gas with Defendant's Business Solutions
 17 Fuel and Business Solutions Mastercard cards; limited time offers such as the ability to earn ten
 18 cents per gallon in rebates for the first three months when using Arco's fleet cards; social media
 19 webpages; franchisee information; and supply chain transparency .

20 24. Based on information and belief, it is Defendant's policy and practice to deny
 21 Plaintiff and Class Members, along with other blind or visually impaired users, access to
 22 Defendant's website, and to therefore, specifically deny the goods and services that are offered
 23 and integrated within Defendant's gas stations. Due to Defendant's failure and refusal to remove
 24 access barriers on its website, Plaintiff and other visually impaired persons have been and are still
 25 being denied equal and full access to Defendant's gas stations, goods, and services offered to the
 26 public through Defendant's website.

1 **DEFENDANT'S BARRIERS ON UNRUH CIVIL RIGHTS ACT. CAL. CIV. CODE, §**

2 **51(f) DENY PLAINTIFF AND CLASS MEMBERS ACCESS**

3 25. Plaintiff is a visually impaired and legally blind person, who cannot use a computer
 4 without the assistance of screen reading software. However, Plaintiff is a proficient user of the
 5 JAWS or NV Access screen-reader(s) as well as Mac's VoiceOver and uses it to access the
 6 internet. Plaintiff has visited <https://www.arco.com/en-us/northwest/> on several separate
 7 occasions using the JAWS and/or VoiceOver screen-readers.

8 26. During Plaintiff's numerous visits to Defendant's website, Plaintiff encountered
 9 multiple access barriers which denied Plaintiff full and equal access to the facilities, goods, and
 10 services offered to the public and made available to the public on Defendant's website. Due to
 11 the widespread access barriers Plaintiff and Class Members encountered on Defendant's website,
 12 Plaintiff and Class Members have been deterred, on a regular basis, from accessing Defendant's
 13 website. Similarly, the access barriers Plaintiff has encountered on Defendant's website have
 14 deterred Plaintiff and Class Members from visiting Defendant's brick-and-mortar gas stations.

15 27. While attempting to navigate Defendant's website, Plaintiff and Class Members
 16 encountered multiple accessibility barriers for blind or visually impaired people that include, but
 17 are not limited to, the following:

- 18 a. Lack of Alternative Text ("alt-text"), or a text equivalent. Alt-text is invisible
 code embedded beneath a graphic or image on a website that is read to a user
 by a screen-reader. For graphics or images to be fully accessible for screen-
 reader users, it requires that alt-text be coded with each graphic or image so
 that screen reading software can speak the alt-text to describe the graphic or
 image where a sighted user would just see the graphic or image. Alt-text does
 not change the visual presentation, but instead a text box shows when the
 cursor hovers over the graphic or image. The lack of alt-text on graphics and
 images prevents screen-readers from accurately vocalizing a description of the
 image or graphic. As a result, Plaintiff and Class Members who are blind and
 visually impaired customers are unable to access TOP TIER gas that can help

1 improve engine performance, efficiency, cleanliness, and even minimize
2 emissions. Further, consumers are unable to access information regarding the
3 value of Arco gas, payment options, Defendant's contact information, gas
4 station locations, covid-19 precautions, Arco fleet cards, social media
5 webpages, supply chain transparency, franchisee information, or make any
6 purchases;

7 b. Empty Links that contain No Text causing the function or purpose of the link
8 to not be presented to the user. This can introduce confusion for keyboard and
9 screen-reader users;

10 c. Redundant Links where adjacent links go to the same URL address which
11 results in additional navigation and repetition for keyboard and screen-reader
12 users; and

13 d. Linked Images missing alt-text, which causes problems if an image within a
14 link does not contain any descriptive text and that image does not have alt-text.
15 A screen reader then has no content to present the user as to the function of the
16 link, including information or links for and contained in PDFs.

17 28. Recently in 2021, Plaintiff attempted to do business with Defendant on
18 Defendant's website and Plaintiff encountered barriers to access on Defendant's website.

19 29. Despite past and recent attempts to do business with Defendant on its website, the
20 numerous access barriers contained on the website and encountered by Plaintiff have denied
21 Plaintiff full and equal access to Defendant's website. Plaintiff and Class Members, as a result
22 of the barriers on Defendant's website, continue to be deterred on a regular basis from accessing
23 Defendant's website. Likewise, based on the numerous access barriers Plaintiff and Class
24 Members have been deterred and impeded from the full and equal enjoyment of goods and
25 services offered in Defendant's gas stations and from making purchases at the physical locations.

26 ///

27 ///

28 ///

1 **DEFENDANT MUST REMOVE BARRIERS TO ITS WEBSITE**

2 30. Due to the inaccessibility of the Defendant's website, blind and visually impaired
 3 customers such as Plaintiff, who need a screen-reader, cannot fully and equally use, or enjoy the
 4 facilities and services Defendant offers to the public on its website. The access barriers Plaintiff
 5 encountered have caused a denial of Plaintiff's full and equal access in the past, and now deter
 6 Plaintiff on a regular basis from accessing the website.

7 31. These access barriers on the Defendant's website have deterred the Plaintiff from
 8 visiting Defendant's physical locations and enjoying them equal to sighted individuals because
 9 Plaintiff was unable to find the locations and hours of operation of Defendant's gas stations on
 10 its website. This continues to prevent Plaintiff from visiting the locations to view and purchase
 11 goods and/or services. Plaintiff and Class Members intend to visit Defendant's locations in the
 12 near future if Plaintiff and Class Members could access Defendant's website.

13 32. If the website were equally accessible to all, Plaintiff and Class Members could
 14 independently navigate the website and complete a desired transaction, as sighted individuals do.

15 33. Plaintiff, through Plaintiff's attempts to use the website, has actual knowledge of
 16 the access barriers that makes these services inaccessible and independently unusable by blind
 17 and visually impaired people.

18 34. Because simple compliance with WCAG 2.1 would provide Plaintiff and Class
 19 Members who are visually impaired consumers with equal access to the website, Plaintiff and
 20 Class Members allege that Defendant engaged in acts of intentional discrimination, including, but
 21 not limited to, the following policies or practices: constructing and maintaining a website that is
 22 inaccessible to visually impaired individuals, including Plaintiff and Class Members; failing to
 23 construct and maintain a website that is sufficiently intuitive so as to be equally accessible to
 24 visually impaired individuals, including Plaintiff and Class Members; and failing to take actions
 25 to correct these access barriers in the face of substantial harm and discrimination to blind and
 26 visually impaired consumers, such as Plaintiff and Class Members, as a member of a protected
 27 class.

28 35. The Defendant uses standards, criteria, or methods of administration that have the

1 effect of discriminating or perpetuating the discrimination against others, as alleged herein.

2 36. The ADA expressly contemplates the injunctive relief that Plaintiff seeks in this
 3 action. In relevant part, the ADA requires:

4 In the case of violations of ... this title, injunctive relief shall include an
 5 order to alter facilities to make such facilities readily accessible to and
 6 usable by individuals with disabilities Where appropriate, injunctive
 7 relief shall also include requiring the ... modification of a policy 42
 U.S.C. § 12188(a)(2).

8 37. Because Defendant's website has never been equally accessible, and because
 9 Defendant lacks a corporate policy that is reasonably calculated to cause the Defendant's website
 10 to become and remain accessible, Plaintiff invokes 42 U.S.C. § 12188(a)(2) and seeks a
 11 permanent injunction requiring Defendant to retain a qualified consultant acceptable to Plaintiff
 12 to assist Defendant to comply with WCAG 2.1 guidelines for Defendant's website. The website
 13 must be accessible for individuals with disabilities who use desktop computers, laptops, tablets,
 14 and smartphones. Plaintiff and Class Members seek that this permanent injunction require
 15 Defendant to cooperate with the agreed-upon consultant to: train Defendant's employees and
 16 agents who develop the website on accessibility compliance under the WCAG 2.1 guidelines;
 17 regularly check the accessibility of the website under the WCAG 2.1 guidelines; regularly test
 18 user accessibility by blind or vision-impaired persons to ensure that the Defendant's website
 19 complies under the WCAG 2.1 guidelines; and develop an accessibility policy that is clearly
 20 disclosed on the Defendant's website, with contact information for users to report accessibility-
 21 related problems and require that any third-party vendors who participate on the Defendant's
 22 website to be fully accessible to the disabled by conforming with WCAG 2.1.

23 38. If Defendant's website were accessible, Plaintiff and Class Members could
 24 independently access information about the address and hours of the gas stations, goods offered,
 25 and services available.

26 39. Although Defendant may currently have centralized policies regarding
 27 maintaining and operating Defendant's website, Defendant lacks a plan and policy reasonably
 28 calculated to make Defendant's website fully and equally accessible to, and independently usable

1 by, blind and other visually impaired consumers.

2 40. Defendant has, upon information and belief, invested substantial sums in
 3 developing and maintaining Defendant's website, and Defendant has generated significant
 4 revenue from Defendant's website. These amounts are far greater than the associated cost of
 5 making Defendant's website equally accessible to visually impaired customers. Plaintiff has also
 6 visited prior iterations of the Defendant's website, <https://www.arco.com/en-us/northwest/>, and
 7 also encountered such barriers.

8 41. Without injunctive relief, Plaintiff and Class Members will continue to be unable
 9 to independently use Defendant's website, violating their rights.

10 CLASS ACTION ALLEGATIONS

11 42. Plaintiff, on behalf of himself and all others similarly situated, seeks to certify a
 12 Nationwide Class under Fed. R. Civ. P. 23(a) and 23(b)(2), the Nationwide Class is initially
 13 defined as follows:

14 all legally blind individuals who have attempted to access Defendant's
 15 website by the use of a screen reading software during the applicable
 16 limitations period up to and including final judgment in this action.

17 43. The California Class is initially defined as follows:

18 all legally blind individuals in the State of California who have attempted
 19 to access Defendant's website by the use of a screen reading software
 20 during the applicable limitations period up to and including final judgment
 21 in this action.

22 44. Excluded from each of the above Classes is Defendant, including any entity in
 23 which Defendant has a controlling interest, is a parent or subsidiary, or which is controlled by
 24 Defendant, as well as the officers, directors, affiliates, legal representatives, heirs, predecessors,
 25 successors, and assigns of Defendant. Also excluded are the judge and court personnel in this
 26 case and any members of their immediate families. Plaintiff reserves the right to amend the Class
 27 definitions if discovery and further investigation reveal that the Classes should be expanded or
 28 otherwise modified.

29 45. *Numerosity:* Fed. R. Civ. P. 23(a)(1). This action has been brought and may
 30 properly be maintained as a class action against Defendant under Rules 23(b)(1)(B) and 23(b)(3)

1 of the Federal Rules of Civil Procedure. While the exact number and identities of other Class
 2 Members are unknown to Plaintiff at this time, Plaintiff is informed and believes that there are
 3 hundreds of thousands of Members in the Class. Based on the number of customers who have
 4 visited Defendant's California gas stations, it is estimated that the Class is composed of more than
 5 10,000 persons. Furthermore, even if subclasses need to be created for these consumers, it is
 6 estimated that each subclass would have thousands of Members. The Members of the Class are
 7 so numerous that joinder of all Members is impracticable and the disposition of their claims in a
 8 class action rather than in individual actions will benefit the parties and the courts.

9 46. *Typicality:* Plaintiff's and Class Members' claims are typical of the claims of the
 10 Members of the Class as all Members of the Class are similarly affected by Defendant's wrongful
 11 conduct, as detailed herein.

12 47. *Adequacy:* Plaintiff will fairly and adequately protect the interests of the Members
 13 of the Class in that they have no interests antagonistic to those of the other Members of the Class.
 14 Plaintiff has retained experienced and competent counsel.

15 48. *Superiority:* A class action is superior to other available methods for the fair and
 16 efficient adjudication of this controversy. Since the damages sustained by individual Class
 17 Members may be relatively small, the expense and burden of individual litigation makes it
 18 impracticable for the Members of the Class to individually seek redress for the wrongful conduct
 19 alleged herein. Furthermore, the adjudication of this controversy through a class action will avoid
 20 the potentially inconsistent and conflicting adjudications of the claims asserted herein. There will
 21 be no difficulty in the management of this action as a class action. If Class treatment of these
 22 claims were not available, Defendant would likely unfairly receive thousands of dollars or more
 23 in improper revenue.

24 49. *Common Questions Predominate:* Common questions of law and fact exist as to
 25 all Members of the Class and predominate over any questions solely affecting individual
 26 Members of the Class. Among the common questions of law and fact applicable to the Class are:

27 i. Whether Defendant's website, <https://www.arco.com/en-us/northwest/>, is
 28 inaccessible to the visually impaired who use screen reading software to

access internet websites;

- ii. Whether Plaintiff and Class Members have been unable to access <https://www.arco.com/en-us/northwest/> through the use of screen reading software;
- iii. Whether the deficiencies in Defendant's website violate the Americans with Disabilities Act of 1990, 42 U.S.C. § 12181 *et seq.*;
- iv. Whether the deficiencies in Defendant's website violate the California Unruh Civil Rights Act, California Civil Code § 51 *et seq.*;
- v. Whether, and to what extent, injunctive relief should be imposed on Defendant to make <https://www.arco.com/en-us/northwest/> readily accessible to and usable by visually impaired individuals;
- vi. Whether Plaintiff and Class Members are entitled to recover statutory damages with respect to Defendant's wrongful conduct; and
- vii. Whether further legal and/or equitable relief should be granted by the Court in this action.

50. The class is readily definable, and prosecution of this action as a Class action will reduce the possibility of repetitious litigation. Plaintiff knows of no difficulty which will be encountered in the management of this litigation which would preclude their maintenance of this matter as a Class action.

51. The prerequisites to maintaining a class action for injunctive relief or equitable relief pursuant to Rule 23(b)(2) are met, as Defendant has acted or refused to act on grounds generally applicable to the Class, thereby making appropriate final injunctive or equitable relief with respect to the Class as a whole.

52. The prerequisites to maintaining a class action for injunctive relief or equitable relief pursuant to Rule 23(b)(3) are met, as questions of law or fact common to the Class predominate over any questions affecting only individual Members; and a class action is superior to other available methods for fairly and efficiently adjudicating the controversy.

53. The prosecution of separate actions by Members of the Class would create a risk

of establishing inconsistent rulings and/or incompatible standards of conduct for Defendant. Additionally, individual actions may be dispositive of the interests of all Members of the Class, although certain Class Members are not parties to such actions.

54. Defendant's conduct is generally applicable to the Class as a whole and Plaintiff seeks, *inter alia*, equitable remedies with respect to the Class as a whole. As such, Defendant's systematic policies and practices make declaratory relief with respect to the Class as a whole appropriate.

COUNT I

VIOLATIONS OF THE AMERICANS WITH DISABILITIES ACT, 42 U.S.C. § 12181

ET SEQ.

(On Behalf of Plaintiff, the Nationwide Class, and the California Class)

55. Plaintiff alleges and incorporates herein by reference each and every allegation contained in paragraphs 1 through 54, inclusive, of this Complaint as if set forth fully herein.

56. Section 302(a) of Title III of the ADA, 42 U.S.C. § 12181 *et seq.*, provides: “No individual shall be discriminated against on the basis of disability in the full and equal enjoyment of the goods, services, facilities, privileges, advantages, or accommodations of any place of public accommodation by any person who owns, leases (or leases to), or operates a place of public accommodation.” 42 U.S.C. § 12182(a).

57. Under Section 302(b)(2) of Title III of the ADA, unlawful discrimination also includes, among other things: “a failure to make reasonable modifications in policies, practices, or procedures, when such modifications are necessary to afford such goods, services, facilities, privileges, advantages, or accommodations to individuals with disabilities, unless the entity can demonstrate that making such modifications would fundamentally alter the nature of such goods, services, facilities, privileges, advantages or accommodations;” and “a failure to take such steps as may be necessary to ensure that no individual with a disability is excluded, denied services, segregated or otherwise treated differently than other individuals because of the absence of auxiliary aids and services, unless the entity can demonstrate that taking such steps would fundamentally alter the nature of the good, service, facility, privilege, advantage, or

1 accommodation being offered or would result in an undue burden". 42 U.S.C. §
 2 12182(b)(2)(A)(ii)-(iii). "A public accommodation shall take those steps that may be necessary
 3 to ensure that no individual with a disability is excluded, denied services, segregated or otherwise
 4 treated differently than other individuals because of the absence of auxiliary aids and services,

 17 This inaccessibility denies visually impaired customers full and equal enjoyment of and access to
 18 the facilities and services, privileges, advantages, and accommodations that Defendant made
 19 available to the non-disabled public. Defendant is violating the Americans with Disabilities Act,
 20 42 U.S.C. § 12181 *et seq.*, in that Defendant denies visually impaired customers the services,

23 59. Defendant's actions constitute intentional discrimination against Plaintiff and
 24 Class Members on the basis of a disability in violation of the Americans with Disabilities Act, 42
 25 U.S.C. § 12181 *et seq.* in that: Defendant has constructed a website that is inaccessible to Plaintiff
 26 and Class Members; maintains the website in this inaccessible form; and has failed to take
 27 adequate actions to correct these barriers even after being notified of the discrimination that such
 28 barriers cause.

60. Pursuant to 42 U.S.C. § 12188 and the remedies, procedures, and rights set forth and incorporated therein, Plaintiff requests relief as set forth below.

COUNT II

**VIOLATIONS OF THE UNRUH CIVIL RIGHTS ACT, CALIFORNIA CIVIL CODE §
51 ET SEQ.**

(On Behalf of Plaintiff and the California Class)

61. Plaintiff alleges and incorporates herein by reference each and every allegation contained in paragraphs 1 through 60, inclusive, of this Complaint as if set forth fully herein.

62. Defendant's gas stations are a "business establishment" within the meaning of the California Civil Code § 51 *et seq.* Defendant generates millions of dollars in revenue from the sale of its goods and services in California through its gas stations and related services, and <https://www.arco.com/en-us/northwest/> is a service provided by Defendant that is inaccessible to customers who are visually impaired like Plaintiff and Class Members. This inaccessibility denies visually impaired customers full and equal access to Defendant's facilities and services that Defendant makes available to the non-disabled public. Defendant is violating the Unruh Civil Rights Act, California Civil Code § 51 *et seq.*, in that Defendant is denying visually impaired customers the services provided by <https://www.arco.com/en-us/northwest/>. These violations are ongoing.

63. Defendant's actions constitute intentional discrimination against Plaintiff and Class Members on the basis of a disability in violation of the Unruh Civil Rights Act, Cal. Civil Code § 51 *et seq.* in that: Defendant has constructed a website that is inaccessible to Plaintiff and Class Members; maintains the website in this inaccessible form; and has failed to take adequate actions to correct these barriers even after being notified of the discrimination that such barriers cause.

64. Defendant is also violating the Unruh Civil Rights Act, California Civil Code § 51 *et seq.* in that the conduct alleged herein likewise constitutes a violation of various provisions of the ADA, 42 U.S.C. § 12101 *et seq.* Section 51(f) of the California Civil Code provides that a violation of the right of any individual under the ADA shall also constitute a violation of the

Unruh Civil Rights Act.

65. The actions of Defendant were and are in violation of the Unruh Civil Rights Act, California Civil Code § 51 *et seq.*, and, therefore, Plaintiff and Class Members are entitled to injunctive relief remedying the discrimination.

66. Plaintiff and Class Members are also entitled to statutory minimum damages pursuant to California Civil Code § 52 for each and every offense.

67. Plaintiff and Class Members are also entitled to reasonable attorneys' fees and costs.

68. Plaintiff and Class Members are also entitled to a preliminary and permanent injunction enjoining Defendant from violating the Unruh Civil Rights Act, California Civil Code § 51 *et seq.*, and requiring Defendant to take the steps necessary to make <https://www.arco.com/en-us/northwest/> readily accessible to and usable by visually impaired individuals.
